

# Winter Guard Fee Payment Breakdown 2017

This winter season, the student fees will be \$325. Because winter season is paid for primarily by the fees of the students. We must have constant money coming in for us to have a successful season and also to be able to purchase items we need. Because of this we must set up a schedule for payments. This schedule will dictate if your student is a member in good standing or not. Members failing to stay on schedule will be placed on probation as set forth by the policy below:

- 1 Missed Payment: Probation, student will not be considered for solos, special parts, and will find themselves in minimal amounts of the show.
- 2 Missed Payments: Student will be placed on suspension. They will still be required to show up to rehearsals and contests, but they will not be allowed to participate in performances, or other special activities.
- 3 Missed Payments: Student will be removed from program. Please remember you will still be charged, and will still owe the entire \$325.

The payment schedule has separated the \$325 fee into 3 payments. These are the minimum payments required to stay as an active member, however you are free to pay at any time, any amount you would like. Your total contributions must equal the total amount due, at the date stated.

- 1st Payment: \$100 by December 17th Total to stay in good standing: \$100
- 2nd Payment: \$125 by January 20th Total to stay in good standing: \$225
- 3rd Payment: \$100 by February 17th Total to stay in good standing: \$325

So that it is easier to maintain proper records, please turn money into Justin. He will then in turn record the payment received, and place payment into the Black Box where it will then credit the students account. Please remember that fundraising **IS AN ACCEPTABLE METHOD** of paying fees, however, if a fundraiser is not credited to a students account by the due date of the payment, it in turn CAN NOT count towards that months payment, and will be credited towards the following months payment.

If for any reason you are unable to make the payment by the due date, please be sure to contact Justin. In most cases an alternate payment plan can be made, however if there is no communication then the rules set above will be in effect. We strive for everyone to be able to participate.
